

This chart that lists areas of the Manual that were modified from that version's prior publication and includes the following information:

- Manual Specification Name or Document Name
- Section Number
- Record Name (if applicable)
- Field Number (if applicable)
- Field Name or Item Name (if applicable)
- Reason for the Update

The chart does **not** list changes made throughout the Manuals to improve formatting, capitalization or jurisdictional applicability sequencing because the changes are considered immaterial to the overall reporting requirements and/or instructions. However, the "track changes" feature was used when making these presentation changes so the reader could follow along if so inclined.
