4	<b>TYPE OF NAME CODE</b> Report the 1-digit code representing the type of name- <del>record</del> :	(N)	51	1

**Code Description**

- 1 Personal name type (a separate personal Name Record of a Name Link Identifier) format is last name, first name, middle name or initial. The commas are the delimiters.
- 2 Commercial name type (a separate commercial Name Record of a Name Link Identifier).
- 3 String name type (a Name Record consisting of a string of names corresponding to one Name Link Identifier). Format is free-form. ~~(NOT APPLICABLE:N/A: MN)~~

**NOTE:** String name type records are to be used by those carriers unable to provide separate formatted personal/commercial Name Records.

See name coding and name/address/exposure link coding examples in this section.

5	<b>NAME LINK IDENTIFIER</b> Report the 3-digit identifier representing one name or a group of names. The primary name(s) on the assignment must always be reported as 001.	(N)	52-54	3
---	---	-----	-------	---

Each name should have a separate Name Link Identifier in order to link to a specific address and exposure (if possible). If this is not possible, you may provide more than one name for each name link identifier reported.

**NOTE:** See name coding and name/address/exposure link coding examples in this section.

6	<b>INSURED NAME</b> Report the name corresponding to the Type of Name Code reported in Position 51.	(AN)	55-144	90
---	--	------	--------	----

Report personal names in the following sequence with each name separated by a comma: surname, first name, and middle name or initial.

3	<b>RECORD TYPE CODE</b> Report “03”.	(AN)	49–50	2
4	<b>TYPE OF ADDRESS CODE</b> Report the 1-digit code representing the type of address:	(N)	51	1

**Code Description**

1	Mailing address of insured. One and only one mailing address code is required.
2	Location of operations address. This code is for other workplaces not shown in mailing address record. As many of these records as are needed may be reported.  This address is necessary to direct interested parties to the workplace locations, e.g., inspection or auditors. Descriptions such as “second building after K-Mart” are acceptable where a street name or address does not exist.
3	Reserved for use in WCPOLS.
4	Wrap-up/OCIP project description. N/A: MA
5	Producer Address. This record must be reported to provide the address of the producer responsible for placing the application. OPT: WI
6	No specific location—Refers to work done at client sites in the state. If this Type of Address is submitted, the Address Structure Code (Position 53) and the Address (Positions 54–154) are not applicable. N/A: MA, NC; OPT: DE, MN, WI
7	Principal Location. This address, if different from the Mailing address, must be reported to provide the address of the principal location of the applicant.
8	Payroll Address. This address, if different from the Mailing address, must be reported to provide the payroll address of the applicant.

5	<b>FOREIGN ADDRESS INDICATOR</b> Report "Y" (Yes) or "N" (No) in this field as applicable	(A)	52	1
---	--	-----	----	---

**Code Description**

Y Type of Address Code (position 51) is reported as 1 and the address is outside the U.S.A. (e.g., Canada, Japan).

N Type of Address Code (position 51) is reported as "1" and the address is inside the USA.

If the address is outside the U.S.A., report address data as follows:

- Report Street (Positions 54-113) and City (Positions 114-143).
- Report the foreign postal code, if applicable, in Postal or Zip Code (Positions 146-154). England and Canada, for example, use a six-character postal code consisting of alpha characters and numbers. If the foreign country does not have a postal code, leave blank.
- Report Geographic Area (Positions 175-200) if applicable. For example, Canada's provinces are Geographic Areas.
- Report the 2-character ISO 3166 standard Country Code (Positions 201- 202).

6	<b>ADDRESS STRUCTURE CODE</b> Report the 1-digit code identifying the structure of the reported address:	(N)	53	1
---	---	-----	----	---

**Code Description**

1 Reported address follows structure set forth in Positions 54-154 below.  
This code is required for Type of Address Code 1 (mailing address of insured, 7 (principal location) and 8 (payroll address). These three address types must be reported in the Structured Format shown in Positions 54-154.

2 Reported address is free-form between Positions 54-154. This code is to be used only after requesting and receiving approval from the appropriate rating organization.  
This code is optional for Type of Address Code 2 only (location of operations address) and is required for Type of Address Code 4 (wrap-up project description).

**NOTE:** This code is not applicable for Type of Address Code 2 in MA, MN.

Field No.	Field Title/Description	Class	Position	Bytes
-----------	-------------------------	-------	----------	-------

In the event of multiple names residing at one address, multiple (Type of Address 2) records for the same address associated with the different names must be reported.

THIS FIELD IS REQUIRED for Type of Address Codes 1 (Insured Mailing Address), 2 (Locations), 6 (No Specific Location), 7 (Principal Location) and 8 (Payroll Address).

Report "999" for Type of Address Codes 4, 5 and 8.

12	<b>STATE CODE LINK</b> Report the 2-digit code for the state covered by this record	(N)	158-159	2
----	--	-----	---------	---

This field, when used along with the Name Link Identifier field of this record in Position 155-157, will provide a link to the name related to this location record.

THIS FIELD IS REQUIRED for Type of Address Codes 1 (Insured Mailing Address), 2 (Locations) and 6 (No Specific Location).

Report "99" for Type of Address Codes 4, 5 and 8.

13	<b>EXPOSURE RECORD LINK IDENTIFIER</b> Report a 5-digit code identifying this address record.	(N)	160-164	5
----	--	-----	---------	---

This field, when used along with the Name Link Identifier field in Position 155-157 and State Code Link field in Position 158-159 of this record, will provide a 3-part link to the Name/Address/Exposure Link field in Positions 98-107 of the exposure records related to this address record.

THIS FIELD IS OPTIONAL for Type of Address Codes 1 (Insured's Mailing Address Record); however, in such cases where insurer does not include this field, the Insured's Mailing Address must also be included as an Address Type Code 2 (Other Locations Address Record) for required linkage.

THIS FIELD IS REQUIRED for Type of Address Codes 2 (Locations) and 6 (No Specific Location).

**NOTE:** If unable to report separate exposure by Name Link Identifier or exposure is not yet developed, this field may be blank. If exposure is combined with a business with a separate Name Link Identifier, the exposure may be included in a separate name/address/exposure link record.

Report "99999" for Type of Address Codes 4, 5 and 8.

**NOTE:** See name coding and name/address/exposure link coding examples in this section.
